2. Engine & Transmission: Any size V6 or V8 fuel injected only. NO super charged or turbo charged engines allowed. Stock OEM air cleaner and tubes. Engine must be available from the factory in that make and model (driver may be asked to show proof) with stock AUTOMATIC transmission only. Forward AND reverse gears must be operable. No welded gears. No headers FULL exhaust must exit behind the rear axle. Catalytic converter may be removed but must be replaced with steel pipe. Stock pump gas only. NO anti-freeze is allowed.

3. Body: Body must remain STOCK. NO gutting of doors hood or trunk. Rear hatch, rear doors or tailgate must be in place. All glass except windshield must be removed and all interior 'burnables' must be removed. Doors must be welded or chained. Hoods must be secured with pins only. Stock dash must remain in place and wipers must be operable. No trailer hitches. Stock bumpers and bumper covers must be in place at the beginning of each program. Sun roof openings must be enclosed with steel. If stock gas tank is located behind the rear axle, it must be replaced and relocated in front of axle.

4. Tires & Wheels: STOCK wheels only. No trailer wheels or made for racing wheels. Maximum wheel size is 16 inches OR stock for make and model. All 4 tires must be same size (55,60,65,70,75,78 series) NO MADE FOR RACING TIRES ALLOWED. NO soaking or shaving of tires allowed.

5. Suspension: MUST REMAIN ABSOLUTELY STOCK. No spring spacers or blocks allowed. Maximum of 1 (ONE) inch camber right front ONLY. All other wheels must be at ZERO. STOCK factory shocks and struts only. No weight may be added. Stock ride height must be retained.

6. Safety: Four post roll cage with door bars is highly recommended. A 2 post rollover bar with a minimum of 3 bars in the driver's door will be allowed. NO bars allowed in front of the firewall or behind the rear axle. NO bars behind bumpers. Racing seat is optional but highly recommended. Bench seat must be replaced with a bucket type seat. Window net and fire extinguisher required. Four point racing harness is mandatory. Full racing suit, gloves and full face helmet required.

7. Misc. This is intended to be a beginner class. Let's try to keep it that way. NO driver will be allowed to run any class higher than Hornet in the same race night. On occasion, cars may run opposite direction. A claim rule may be added at a later date if deemed necessary.

Beginning with the first event, Bombers will run a feature only. Line-up may be determined by blind draw OR qualifying. Heat races will be added as the class grows. Features will be 12 laps. This is intended to be a FUN and STOCK class.

The M-40 Speedway reserves the right to add to, alter or eliminate any of these rules with reasonable notice as necessary to insure no driver or car dominates the competition.

All cars will be required to run a Raceciever in 2018. This is a one way radio that each driver wears that allows our scoring officials to have communication with you out on the track. This is a safety feature for all drivers as well as a tool for the track to be able to speed up the show. These are available at Lane Automotive for approximately \$135 for the complete package.
